The Dimmer View

BY MAX GOODWIN

One reason Governor Goodwin Knight has been a popular official is because he never lets a supporter lose his feeling of importance.

There was an occasion last week which proves the point I am trying to make. It concerned a press conference the governor called at his suite in the El Cortez hotel on Tuesday morning. Tuesdays, of course, are the busiest day in the weekly newspaper editor's life. We couldn't go.

Just before lunch the telephone jingled and it was the governor saying that he had missed us and he wanted to brief us on anything we cared to question him on.

This is a far cry from the attitude of some of the pol who weigh the newspapers influence in a given community and look down his nose accordingly.

Or maybe our influence is pretty strong, hereabouts.

One thing the governor felt called upon to discuss was the increasing immorality in government. He said he had chosen a local man, together with Admiral Stanley (ret.) of San Diego, to form a study group by which dishonesty and lack of integrity could be driven from government at all levels.

The local man, he said, is Dr. Frank Gigliotti of Riviera drive.

The governor's current complaint aimed at his opponent, Clair Engle whose literature and "bumper strips" read "Congressman" Clair Engle making it appear Engle is the incumbent. Governor Knight said he complained to Engle about the misleading material and was informed there was not enough room on the "bumper strips" to include the qualifying words "Elect" nor "Vote for" on the material.

Size of the bumper strips? Almost the same height and width of an automobile windshield!

There is no plethora of candidates running for anything anymore (except for the council of the proposed city of Lemon Grove). Earlier this year there was a commissioners election for the local fire district. It attracted not a single new candidate although there is a $10-a-meeting paycheck that goes with it.

Recently, when the office of three trustees of the Grossmont Hospital District came up for election, not a single, solitary soul filed to run against them. The incumbents, all of whom wanted their jobs back, were appointed in by the supervisors.

The directors of the hospital district, it should be noted, draw no pay.

The question, naturally, is why there is so little public interest in jobs of such importance? Could it be we are growing tired-er? . . . or apathetic? . . . or do we spend too much time with our heads stuck in our television sets, a device which by the sheer idiocy of many of its programs, compensates for some of the frustrating problems of life?

The Reverend Donald B. Cooke,

Planners Slap Sups; Rezone 200 Acres

Commissioners Irked On Interim Zoning

SAN DIEGO (CNS)—Supervisors' policies on putting interim zoning on county areas without consulting the Planning Commission came under fire from members of the latter body at its meeting Friday.

Commissioners criticised the way two property owners in the Jamacha-Sweetwater Valley area had been prevented from establishing a trailer park. Interim zoning was put on the area the day before the two were to apply for permits.

Affected were George U. Law and Corrine E. Poirier, owners of 30 acres on Jamacha road. The interim zoning was approved in 1957, and a final zone plan was approved by the Planning Commission Friday.

"I thing it's a dirty shame," said Commissioner C. J. Martin. He was referring to a petition for the two property owners that the commission could not act upon. They had been told by Deputy County Counsel Robert Berrey that they had no power to act on the petition.

"I don't think we should be involved," said Commissioner Warren Hooper. Let supervisors handle this. They'll be the ones to get sued."

Berrey said, "This will be an interesting case if it goes to court. They had their architects' plans before the rezoning and the courts could well give them relief."

"There ought to be a change in this interim zoning," said Hooper. "It always gets us into trouble, but we don't have anything to do with it."

Supervisors can pass interim zoning, which will last for a full year, without previous notice. The zoning can be set at whatever they choose. Interim zoning granted in the Santee area to stop a cattle auction yard was voted recently, and it appears a court case will come out of it to prevent the yard's operation.

Plus or Minus

Changes Zoning Despite Request To Let It Alone

SAN DIEGO (CNS)—Supervisors last week turned down the plea of Dr. and Mrs. Gilbert Chassy for a hearing on their objections to the zoning given their Lemon Grove property.

The action was taken when Deputy County Counsel Robert Berrey told supervisors they could make no more changes in the zoning, which was the result of a zone change in the entire Lemon Grove business district.

Berrey said the Chassys would have to apply to the Planning Commission for a zone change. This would then be the subject of a public hearing.

The Chassy's land was C-1 and rezoned to C. They wish it kept as C.

6,000 Sq. Ft. Sites OK'd For 200 Acres

SAN DIEGO (CNS)—The County Planning Commission last Friday voted to rezone almost 200 acres in the Lemon Grove area; some of the zone changes were made over the protests of property owners and the county planning staff.

Rezoning of 127 acres of the land was requested by Bollenbacher and Kelton, subdivision firm. They asked to be permitted to build residences on lots with 6,000 square feet for most of the area and for apartment house zoning for a strip along Sweetwater road.

Walter Bollenbacher told commissionrs the latter land was supposed to become part of the freeway. He said the apartment house zoning was sought in case freeway plans didn't go through.

"We've saved land before for freeway purposes, and it wasn't used," he said. "If we ask for apartment house zoning later, if the county doesn't take it, there'd be 300 people in here opposing us."

Bollenbacher told the commission of his company's plans for developing the whole valley area. Approval was voted for the zoning he asked, despite opposition from the planning staff.

In addition the commission included in the area to be given R-1-A residential zoning, a piece of land belonging to Helix Irrigation District, on the south, and 40 acres on the north, neaor Mt. Miguel high school.

Clarence Watters, Helix engineer, spoke against the change for the district. E. W. Eberhard, F. W. Gruner and Mrs. A. Le Grand also protested the change to apartment house zoning.

Water For More Land Considered

Helix Irrigation District directors met with Consulting Engineer John Longwell on Monday to discuss Longwell's recent study of expansion possibilities for the district. The study indicated that the district facilities will deliver an estimated 1,000,000 gallons per day over the ultimate needs of the district. This is enough water to serve approximately 1,000 acres of land, it was reported.

As a result of Longwell's study the directors asked the engineering staff to prepare a report on which areas along the district's eastern boundaries might fit into the present water supply and delivery system.

Directors will not consider any further annexations until the engineering staff's report has been received, it was explained.

Former Editor Faces Hearing

Dale Plumb, 35, former news editor of the Lemon Grove Review and the Spring Valley Bulletin, faced a preliminary hearing Wednesday at Municipal Court in El Cajon on a charge of writing checks without sufficient funds.

Plumb, who lived at 7846 Lester avenue, Lemon Grove, was accused of writing two checks, for $48 and $30, without having funds in the bank to cover them.

Judge R. Fenton Garfield last week remanded Plumb to County Jail in lieu of $5,000 bond.

Fixtures To Delay Library Opening

The new county library in Lemon Grove, at Pacific and Olive streets, was turned over to the county Tuesday by Mrs. Ira Durham but will not be in operation for approximately a month because shelving and other library equipment ordered more than a month ago has not been delivered, reported Miss Frances Hahn, San Diego County Librarian.

"We requested delivery by September 1 but we were informed by three suppliers that such equipment is being produced more than a month behind the demand," she said.

The new facility will be much larger than the one now in use at Golden and Imperial. There will be 3,500 square feet of floor space in the new library. The present one has 850. The shelf space will be the same as that in the El Cajon and La Mesa libraries.

Bright colors will replace subdued ones usually associated with such institutions. Sufficient reading table space and plenty of chairs will meet the need of the most pedantic, she said.

Quietness will not be the keynote, she said, but a comparison is indicated. "We have students coming to the library to study because they complain of 'too much noise at home.'"

The new library will carry a staff of four part-time employes and two full-timers. The latter are Mrs. Ruth Pedler, librarian, and her assistant, Mrs. Edith Walker.

An opening celebration is being planned by local citizens.

EARLY BIRDS—Here are the first three citizens to file nominating papers as candidates for council of the proposed city of Lemon Grove. The election will be held November 25 to decide whether the city shall be formed and who shall make up the council if the election is successful. These men were waiting at the door of the Registrar of Voters when it opened the first day nominations could be legally filed. Seated at the desk is V. J. Dorman, an attorney who lives on Hibiscus street. Standing are Jim Spears, Ford dealer who lives on Masachusetts street, and Robert Vaught, a camera shop operator who lives on Koe street. At least twenty other citizens have picked up nominating papers at the office of this newspaper. The forms are still available.
Also filing were Joseph Cannizzaro, 7820 Palm, a rug department manager for a furniture firm and Roger Martin, an electrician, 2050 Skyline drive.

Lemon Grove 'City' Keys Ready For Sale This Week

Souvenir keys to the future city of Lemon Grove, complete with thermometers built in, which by their very nature will extol the climate of the new city, are scheduled to go on sale this week under the auspices of the Lemon Grove Ministerial Association.

The announcement was made Thursday at a joint meeting of the boards of the Lemon Grove chamber of commerce and the Committee of One Thousand for Incorporation.

The Reverend Bob Rochelle, pastor of the Southern Baptist church here, said the group would undertake a house-by-house canvass of the community if necessary to assure enough distribution of the funds-raising items to cover the cost of the incorporation election November 25. The thermometers will sell for $1.

Approximately $5,000 more is needed to defray the costs of an educational program by which voters will be given information concerning the issue.

Pastor Rochelle said this element of the campaign should be conducted without resorting to schemes of chance. His association took over the project in order to contact all residents to avoid the need for prize drawings and other gimmicks which are often used to make an impact on the contributing public.

The Reverend Don Cooke, also of the association said ministers of local congregations were not attempting to sell "incorporation" although most members of the ministerial group favor it. "We want to bring about a healthy climate by which the democratic processes of election can be held," he said.

Reverend Rochelle said announcements concerning the thermometers would be made from the pulpits of churches during the coming weeks and residents would be urged to buy. Reverend Cooke said the announcements would be restricted to means of financing the election and will not influence voters.

Co-chairmen of the Committee on One Thousand for Incorporation, Mrs. Luella Fellows and H. E. Le Barron, said the educational facet of the project would get underway as soon as enough money is returned to cover the cost of production and mailing.

The chamber of commerce section of the meeting was presided over by Ernest M. Newton.

Girls Report Molester

Sheriff's deputies are seeking a man driving a green truck who is reported to have attempted to lure two 11-year-old Lemon Grove girls into his vehicle.

The girls reported the man exposed himself indecently. He is said to have circled the block near Imperial and Pacific streets three times before the girls ran.

He offered them money to get into the truck and direct him to the freeway, the girls reported.

Resident Strikes Out In Jackpot Drawing

A woman shopper who does practically all her shopping in Lemon Grove missed winning a larger prize last Thursday in the merchants jackpot drawing because she wasn't present when her name was pulled from the revolving drum. A total of $700 was in the jackpot last week. Mrs. Rowe will receive a $5 consolation prize.

Mrs. Rowe had a good reason for not being present at the drawing . . . she was working. She is a clerk in the tool control department at Ryan Aircraft.

Mrs. Rowe, a mother of three children, lives at 1883 Imperial avenue, and has been a resident of Lemon Grove for five years.

Acording to her mother, Mrs. Florence Proud of the same address, Mrs. Rowe did all her Christmas shopping in Lemon Grove last year, except one item, a suit for her husband. With that kind of loyalty to local merchants she deserved to win, but that's the way the ball bounces.

Asked what she would have done with the prize money if she had won, she replied, "I probably would have bought Defense Bonds." They are my favorite way of saving." Truly an intelligent woman.

This week's jackpot will contain $800 when the drawing will be held again on Thursday at 3 p.m. in the plaza. Lemon Grove merchants distribute coupons free to all shoppers in stores where window signs are displayed.

Prompt Action By Family, Firemen Cuts Fire Damage

Prompt action by members of the household and Lemon Grove Fire Department Sunday prevented a fire at the home of C. T. Fernandez, 2565 Skyline drive, from causing excessive damage.

Seven firemen from the Lemon Grove station responded to an alarm about 6:30 a.m. when accumulated grease in the kitchen stove exhaust fan dripped on the stove and ignited, firemen said. Firemen arrived at the scene within three minutes. They estimated damage to be at least $300 but because the Fernandez family kept the Lemon Grove Fire Department emergency phone number, HO 6-4310, near their telephone damage was kept at a minimum.

Junior Women Prepare Party

The Lemon Grove Woman's Club Juniors will welcome prospective members at a party Tuesday of next week, 8 p.m., at 2810 Main street, Lemon Grove.

Speaking will be Mrs. George Krueger, president of the California Federation of Woman's Clubs Junior membership. Some of the acts from the club's musical group, under the direction of Mrs. Arthur Brown, will provide the entertainment.

Auto Overturns, Woman Escapes With Only Bruises

Mrs. Dorothy Lusk, 3630 Grove avenue, Lemon Grove, escaped with only bruises early September 11 when she lost consciousness apparently from escaping carbon monoxide gas, while driving home from work.

Mrs. Lusk was driving with her auto windows closed near Highway 94 and Massachusetts avenue about 7:45 a.m. when she lost consciousness as she opened the windows. The auto left the road and overturned twice she reported. Her auto had a defective exhaust pipe, she said.

She was taken to Grossmont hospital and released.

Rancho Market Basket Sold; Renamed Gordon's By Buyer

Rancho Market Basket, Broadway and Olive streets, Lemon Grove, was purchased this week by Gordon McCorquodale, former vice president and general manager of a large local food chain. The store will be known as Gordon's Market.

McCorquodale pointed out Gordon's will be the largest independently operated super market in the Lemon Grove area. He further stated he is affiliated with one of the nation's largest cooperatives enabling him to bring the lowest possible prices to Lemon Grove customers. The store will also issue Orange Premium stamps.

Recently publicity billing Lemon Grove as the as the "county's fastest-growing community" was a major factor in his decision to join Lemon Grove's family of aggressive retail merchants, McCorquodale explained.

The new Gordon's store will carry a complete line of groceries, meats, a delicatessen, frozen foods and produce as well as a wide selection of non-edible products for the home and garden.

Gordon's will be open from 9 a.m. to 9 p.m. daily and 10 a.m. to 7 p.m. on Sunday. The store is now open for business. A Grand Opening celebration is scheduled for the near future, McCorqudale said.

Helix PTA Plans Supper Meeting

Plans are being made by the Helix high school PTA for a hamburger and taco supper at 6:30 p.m., Friday, October 3, at the Helix high cafeteria, in conjunction with the PTA group's first meeting of the season. Members will attend the Helix high-Hoover high football game following the supper meeting.

Mrs. Glenn Calder will be in charge of the supper and Bart Roggensack is program chairman.

Patty Corle Wins Baton Tournament

Ten-year-old Patty Corle, daughter of Mrs. Dorothy Corle, 7938 Barton drive, Lemon Grove, was named all-around sweepstakes winner Saturday of the annual San Diego county Baton Twirlers tournament. Patty walked off with honors in the 9-10 years-old classification and in the flag twirlers competition.

The tourney, conducted at University Heights playground in San Diego, drew 122 contestants and was sanctioned by the National Baton Twirling Association and sponsored by the Baton Boosters Association of San Diego.

Baby Crop Booming In LG-SV Areas

The fastest growing neighborhood in San Diego county recently was the Buena Vista-Roosevelt streets area in Lemon Grove when babies were born to three families in almost machine gun-like regularity.

First came an eight pound, four ounce, boy to the E. A. Du Bois family at 2905 Buena Vista street. They promptly named him Joseph Marion. He was born at Mercy hospital.

Then came a girl to the Jerry Walters at 2984 Buena Vista street. This one was a girl, Judy Marie, and she weighed 6 pounds, 8½ ounces and is the sixth girl of the couple's seven children. The baby was born at Grossmont hospital September 10.

The following day the L. J. Parkers, 7587 Rooseveldt, had a boy baby at Sharp hospital. He weighed five pounds, 13½ ounces, and was named Thomas Wayne.

Other infants in the area delivered at Grossmont were reported as:

A boy to Mr. and Mrs. A. R. Phillips, 4035 Bancroft; a girl to Mr. and Mrs. J. A. Champion, Jr., 8703 Hartzell drive, Spring Valley; a girl to Mr. and Mrs. Richard W. Thomas, 1536 Primera, Lemon Grove, also a boy to Mr. and Mrs. Thomas L. Brown, 2910 Orange place; a girl to Mr. and Mrs. Donald L. Card, 2545 Hardie Road, these two being in Lemon Grove.

Grossmont hospital set a new record for themselves with 19 babies born within 24 hours during the weekend. A bundle from Heaven arrived nearly every hour from 7 a.m. Saturday to 7 a.m. Sunday. A total of 34 babies were born at the hospital during the three-day weekend and 41 expectant mothers were admitted in the same period. The hospital's "Heirport" was filled to overflowing with fingernail-chewing fathers-to-be sitting on the floor waiting to be told about the good news. It was loosely reported a father-to-be when informed it was a boy, turned to a fellow worrier and said, "This one can't be mine, you were here first."

Asks OK On $300,0000,000 Vets Issue

Assemblyman Sheridan Hegland (D-La Mesa) Sunday morning urged support of Proposition One, providing for a $300,000,000 state bond issue for veterans home and farm loans.

He spoke before a breakfast meeting of the Holy name society of St. Patrick's in Carlsbad.

"During the 36 years this program has been in effect there has not been one cent of cost to taxpayers, and if the program is to be kept underway a favorable vote in November is essential," he said.

Hegland pointed out that about 125,000 long-term loans at low interest have been made, are being "diligently repaid," and said there was "no risk to taxpayers."

"Unless this proposition is approved qualified California war veterans will be denied their deserved opportunities," he said.

An important night at Mt. Miguel high school will be on Thursday of this week, according to Mrs. Dale Hulett, publicity chairman for the Mt. Miguel PTA. The Matador Club will sponsor a dance for students to greet Susana. The Drifters will play from 7:30 to 9:30 p.m. Admission to the dance will be 25 cents for students with an ASB card and 50 cents without the card.

Mrs. Robert Graham, PTA president of Mt. Miguel urges parents, faculty, students and all others to attend.

There'll be an evening of dancing and dining September 21 when the John Kuswaras, 3675 King street, celebrate 17 years of wedded bliss.

The couple(he works at Convair Astronautics) was married in Yuma, Arizona, 17 years ago.

They have no children to share their joy but "we had 17 of the most wonderful years imaginable," said Mrs. Kuswara.

Delta Zetas Plan Barbecue

Local alumnae of the Delta Zeta sorority of San Diego State College are winding up plans for a western barbecue Saturday of this week at the home of Mr. and Mrs. Wayne Bryant. The event, scheduled to start at 6:30 p.m., will honor husbands of the sorority members.

Mr. and Mrs. Willis Carr of Lemon Grove and Mr. and Mrs. John Fitzpatrick of La Mesa will give a square dance exhibition. Helping with entertainment will be Mrs. Mike Romero Jr. of Encanto. Mrs. Donald F. Ashley of La Mesa will take reservations and help with games.

Through the year the group donates time and raises money for its local philanthropy, the Hillcrest Receiving Home. In the past such things as a piano and pogo sticks have been donated to fill specific needs there.

The local Delta Zetas also help support the National philanthropy, Carville Hospital which is the only hospital in the United States for the treatment of Hansens Disease. The hospital is in Louisana.

Plans for the multimillion dollar College Grove shopping center have been completed and are being distributed to a selected group of Western contractors by John Graham and Company, architects and engineers of Seattle, Washington.

PICTURE TALK

by Bob Vaught

QUESTIONS, WE GET QUESTIONS

Excuse me a minute while I share some customer questions with you. The names have been changed to protect the innocent.

An anxious Teen-ager came up with this one. "I'd like to take some pictures at my sorority dance next weekend. Can you suggest a camera that's easy to use and won't wreck my allowance?"

"Sure thing," I said. " A new Brownie Starflash Camera has a built-in flashholder that makes indoor picture-taking as easy as pie. And the price won't draw any grumbles from dad either. Just $8.95."

Bob Vaught

A proud Father busted in and asked, "My new baby daughter has the bluest eyes and blondest hair you ever saw. Have a cigar and tell how you take those snapshots that are in full color.

I puffed deeply and advised, "Team up a new Starflash Camera and Kodacolor Film, dad. You'll get wonderful snapshots and can have extra color prints made easily for those proud grandparents."

A Footloose Fellow wanted to know, "I travel far and travel fast. What camera won't weigh me down and still let me bring back wonderful color slides of far-away places?"

"Slip a Starflex in your pocket. (It weighs about as much as your passport.) Load it with Ektachrome Film. You'll get terrific color slides," I answered gayly.

Bring your questions to me. I like them.

God's Minute

"ONE BAPTISM"

The whole Christian church in the world shares the same Great Commission. The whole Christian church also shares the same means through which to accomplish this commission. Baptism is one of these means. There is one valid baptism performed according to the instruction of Christ, "In the name of the Father and of the Son and of the Holy Spirit." This is the mark of New Testament Christians.

Hospital Auxiliary Goes On Budget

With an overflow attendance, the executive board of Grossmont Hospital Women's Auxiliary passed upon many matters at Friday's regular monthly meeting. President, Mrs. Von. N. Marshall, presided. The board is made up of elected officers and area chairmen plus appointive officers and chairmen of standing comittees. Co-chairmen are non-voting members of the board.

Having voted at an earlier date to operate on a budget, the board gave careful consideration to the budget presented by Mrs. Jens Hutchens, immediate past president and present budget chairman. A committee made up of Mrs. Elmer Drew, auxiliary treasurer; Mrs. Frank N. Evans, financial secretary; Mrs. C. N. Leach, auditor; and the president, Mrs. Marshall, accepted the budget covering the year ending May 31, 1959.

An invitation to participate in the program of the annual meeting of the California Hospital Association, to be held in Santa Barbara, October 21 and 22, was also accepted. Mrs. Mearl L. Baker was appointed as the auxiliary's representative.

Tentative plans for the October 10 Awards Luncheon were announced by Mrs. L. O. Jensen, awards chairman, and Mrs. Vinard Francisco, hospitality chairman. Mrs. L. R. B. Henrikson will be decorations chairman of the affair which will be held at Singing Hills Country Club, Desa.

Louis, director of hospital volunteers vice president; Mrs. Mearl L Baker, general chairman of this year's October 4 Harvest Ball; and Mrs. Jens Hutchens, budget chairman, briefed the area heads on in-hospital volunteer services, the ball, and the new budget.

Ducks Unlimited Urges Hunters To Guard Against Crippling

The local Ducks Unlimited organization is urging all San Diego County hunters to support the nationwide effort being made during the upcoming duck season to reduce serious crippling wastage in the waterfowl population.

According to Dick Grihalva, chairman of the San Diego Ducks Unlimited steering committee, duck losses due to crippling mount into the millions. X-ray studies of live birds in the West reveal that 25 per cent to 35 per cent of all ducks examined carried shot in ther body tissues.

The Waterfowl Council blames needless waste on trigger-happy shooting at high-flying birds; inability to judge distance, poor marksmanship, inability to recognize range limitation of modern ammunition, and failure to retrieve birds.

Use of a bird dog not only adds fun to the sport but reduces by more than half cripple losses in marshes when birds are downed.

Grihalva said all city and county hunters interested in improving hunting and increasing the duck population should attend the annual San Diego Ducks Unlimited dinner October 9 in the Palm Room of the U. S. Grant Hotel.

Tickets, which sell for $12.50 per person, include a deluxe boneless squab and wild rice dinner, free cocktails and entertainment, wildlife movies and an annual membership in the national Ducks Unlimited organization.

For tickets, contact any Ducks Unlimited committeeman or call AT 1-8183. Proceeds are sent to Canada to help restore and revitalize duck breeding areas.

☆ The U.S. Navy's missle age began September 6, 1947, when a V-2 rocket was successfully launched from the aircraft carrier USS Midway.

Sunday School Promotion Set

Sunday School classes at the Lemon Grove Methodist church will be promoted at 9:30 a.m. Sunday and new fourth graders will receive their new copies of the Bible, the revised standard version.

Donald B. Cooke, minister, will preach at the 8:15 a.m. and 11 a.m. services on "Why Johnny Can't Believe."

'Sweet Music' May Make 'Sour' Investment... BBB

Music hath charms, so the saying goes. But the biggest charmers, says Cecil Candler, manager of the San Diego Better Business Bureau, are salesmen who are reported to be working the Spring Valley-Lemon Grove area, offering musical instruments and courses of instruction for sale.

They claim to be connected with or representing local school systems, but it's simply another gimmick to soften up prospects. School authorities say that such claims are false, and nobody is authorized to sell courses or products implying or professing endorsement by local educational instituitions.

Anyone who is approached by such salesmen is urged by Candler to notify local police at once, or telephone the Better Business Bureau, BE 3-7711.

The local bureau is supported wholly by business firms and individuals. While the BBB is not a policing agency, it does check on questionable appeals and bad business practices. Candler said that the public is invited to call the bureau whenever in doubt.

pastor of the Lemon Grove Methodist church posed a hypothetical but shocking question to his congregation last week.

In a letter to his parishioners he asked, point blank, what would you do if tommorrow a hostile authority ordered all churches and Sunday schools closed under penalty of death?

"Would you find your thinking regarding churches and Sunday schools changed?" he asked.

The pastor makes a good point. Those who take for granted their houses of worship would be far more frustrated than those who attend regularly. It would leave the sometime-attender way out on a limb, with nothing to cling to while the church goer has his faith and knowlege. This is particularly true at Sunday school level where children need, and want, spiritual guidance more than many of us realize. Those who believe this earnestly are those who contribute time as teachers, energy organizers, and money as supporters.

Standing on this frightening platform the Reverend Cooke adds, ". . . I urge you to be present Sunday, Rally Day . . . to receive new strength, new courage, and new Life in regular participation in your church."

Appropriately enough his sermon on this subject will carry the equally challenging title, "Why Johnny Can't Believe."

Don't say we didn't scoop the political sages when we announced weeks ago Lemon Grove would be host to some of the major office seekers of the state.

You'll learn, before the end of the month from GOP spokesmen, that Senator Knowland will be the centerpiece of a gala political get-together in mid-October. Probably it'll be at the St. John of the Cross Catholic church's rodeo grounds.

That Governor Goodwin Knight will hold the local spotlight at an early-October breakfast in Lemon Grove, probably at Michael's. The governor will speak at a Lemon Grove cham-

California newspapers will again this year join the press of the nation in observing National Newspaper Week—October 1 to 8—with the theme and slogan, "Your Newspaper Guards Your Freedom."

Instituted nationally in 1940, this special week is sponsored annually by Newspaper Association Managers, Inc., a nationwide organization of state, regional and national press association managers. The founder of National Newspaper Week is John B. Long, general manager of the California Newspaper Publishers Association of which this publication is a member.

On the theme for the 1958 observance, Long, said, "this theme not only affords newspapers an opportunity to tell their readers how they serve their communities and the nation, but it commands and challenges the attention of every American citizen to the importance of our free press and the efforts of editors and publishers to resist any form of censorship."

Bert J. Abraham, publisher of the Bellflower Herald-Enterprise and the 1958 president of CNPA had this to say in urging all California newspapers to observe this special week:

"Our newspapers by keeping their readers constantly informed with factual and objective information about the important internal and external problems our country faces, play a vital role in preserving our Democracy. Only when the citizens know the truth can they support what is good and condemn what is bad."

Todd Watkins, publisher of the Inyo Register, Bishop, and chairman of the Publishers Association committe for the 1958 observance in California, said that newspapers play such a strong link in the chain of defense of the American way of life and are such a vital part of the American economy, the special week should be one of the most significant observances in the country.

To which we say "amen."

Dr. Yanchul To Move Office

Dr. Stanley Yanchul, Lemon Grove chiropractor, will move his offices Octobes 1 to 7624 Pacific street, to a building now occupied by Dr. Robert Swenson, dentist.

Dr. Swenson will move to a new building now being completed for him at the southeast corner of Pacific and Olive.

Dr. Yanchul, who specializes in chiropractic treatment on foot, shoulder and back problems, including arthritis, bursitis and neuritis bought the practice of Dr. Weege at 3458 Main street, two years ago.

He said the coming development of the entire corner by Southland Savings and Loan Association dictated the necessity for the move.

KEYS TO THE CAFE—William "Bill" MacQueen, right, turns over keys to Lemon Grove's first restaurant to Lee LaThimesche who purchased it earlier this month. MacQueen and his wife plan to go north and "catch up on my fishing." LaThimesche pledges to offer wholesome food, generous portions, at modest prices. The cafe is located at Imperial and Golden avenues.

Betts Predicts Demo Victory

MODESTO (Spcl)—"More Californians have registered Democratic than ever before in the State's history," according to Bert A. Betts, Democratic candidate for state treasurer who lives in Lemon Grove.

"Spot checks in the heaviest populated counties of California indicate that we far exceeded our 1956 registration figures," Betts pointed out.

Indications are that these statistics are not based on an increase in population but represent a real swing in public sentiment. Our surveys show that Republicans have fallen short of their 1956 resgistrations.

Political analysts in Maine were able to successfully predict a strong Democratic victory in this traditionally Republican state based on the registration trends there which are similar to those in California.

Betts, who ran surprisingly strong with a 117,000 vote plurality in the primary election, is confident that the entire Democratic slate will win the November election.

Ted Husing Named Chairman Of 'Cane Days'

Lemon Grove Lions Club president V. J. Dorman, said this week Ted Husing, famed sportscaster who became blind in 1956, has assumed his role as honorary chairman of the Lions Clubs' 1958 White Cane Days, which will be held September 26 and 27.

Now a resident of Pasadena, Husing was greeted by Rochelle Yohai of Los Angeles, nine-year-old sightless youngster representing the Foundation for Junior Blind, who will symbolize the 1958 White Cane Days for California and Nevada.

Husing, who is being rehabilitated at Cedars of Lebanon Hospital in Los Angeles, recently returned to broadcasting his program, "Husing Reminiscences in Sports."

Praising the work of Lions Clubs for ther efforts in behalf of the blind Husing said he was "pleased to be associated with the White Cane Days project, and called upon citizens to contribute to the worthy cause."

Husing was with the Columbia Broadcasting System for 28 years until being stricken with a brain tumor in 1956. He occupied the hospital room in New York now being used by injured Dodger catcher Roy Campanella following his operation.

Chairman of the Lemon Grove club's White Cane Days activities is Col. Bob Pulliam. Pulliam said that all of the funds collected here would be used for aiding local youngsters whose eyesight was impaired.

Radio, Appliance Store Opens Here

Bob Gallandt, 25-year resident of this area, opened for business this week the Lemon Grove Radio and Appliance store, 7973 Broadway, Lemon Grove.

The radio and appliance store will feature organs and stereophonic audio systems, Gallandt said, as well as radios, television sets, and service repairs. The audio engineers will offer top line merchandise, he said. Hal Draper has been engaged as television technician.

Gallandt and his wife, Sally, a local area woman, and their six children are area residents.

Local Sailors Take Part In Naval Exercise

Two Lemon Grove Navy men participated in an amphibious training exercise (Phiblex-2) in the San Diego-Camp Pendleton area from September 2 to 14. They are Charles H. Hickenbottom, radioman second class, son of Mr. and Mrs. Lawrence R. Hickenbottom of 1525 Koe street, and husband of the former Miss Edith E. McCabe of Farmington, Missouri, aboard the ocean minesweeper USS Pledge, and Harold G. Worley, chief boatswain's mate, son of Mr. and Mrs. James H. Worley of 2288 Washington street, husband of the former Miss Betty Allen of San Diego, aboard the ocean minesweeper USS Pledge.

The exercise involved an amphibious squadron, a Naval firing unit composed of destroyers, and a Marine brigade-size landing force supported by Naval and Marine aviation.

Canadian mine craft operated with U. S. Naval mine craft in support of the Marine assault. A battalion landing team, landing in conjunction with waterborne troops, was lifted by Marine helicopters from the aircraft carrier USS Kearsarge.

A gunnery exercise held at Pyramid Cove, San Clemente Island, followed by a rehearsal landing on the Silver Strand, Coronado, Calif. The main assualt landing took place in the Camp Pendleton area against a Camp Pendleton Marine aggressor force.

ROSES

Now is the time when your roses are making new wood so, if you want long stems and good blossoms for the fall blooming season, give the roses a feeding now in September. This should be the last feeding until after the first of the year when you do your pruning.

To protect your roses from the beetles and other 'chewers" that seem more prevalent late in the season and cause ragged-looking foliage, you can safely use a combination of malathion and dieldrin as necessary. Alternate this with the regular two-purpose rose spray for mildew, black spot, thrip and aphis. A copper spray containing nicotine is excellent. By doing this you will keep all enemies under control.

If we have our usual mild California winter, you will probably be able to pick beautiful roses until New Year's Day, if you give them proper care and protection.

USD Auxiliary To Hostess Basket Social

The University of San Diego Auxiliary will hostess a "Basket Social" on Sunday at Mrs. Henry Fenton's Bandy Canyon ranch near Escondido. Mrs. Burton I. Jones will chairman the affair with Mrs. E. T. Starke as her co-chairman. Members and their guests are invited from 3 p.m. to 11 p.m.

Packaged baskets will be auctioned off at 5 p.m. Each gentleman will dine with the lady whose basket he buys. Bert Kramer, chief auctioneer, will spark the bidding. All proceeds will benefit the university's scholarship and library fund.

The day's agenda includes swimming in Mrs. Fenton's pool, horse shoes, fortune telling and, after dark, dancing to the music of Jose Tarros' orchestra.

USD Opens Football Season Saturday Night

SAN DIEGO (Spcl)—The University of San Diego opens its second official season of intercollegiate football on Saturday night when Coach Bob McCutcheon's Pioneers meet the University of Mexico in Balboa Stadium. McCutcheon's 1957 team defeated the visitors last season 27-13 in Mexico City and rate as favorites to again overpower the Latin Americans. The only Catholic college on the West Coast competing in football finished the '57 season with a 6-3 record, and won its last four straight games.

WHAT'S DOING
W. H. Parker, your Telephone Manager in La Mesa

These days there's no telling *where* you'll find transistors, those mighty mites developed by phone people. They've been whirling through space inside U.S. satellites, helping to radio information back to earth. And, down here, they're helping to bring you good phone service. The special transistor held by the phone man above, for instance, helps speed out-of-town calls. For it automatically picks the fastest voice paths to the town you're calling. On top of that, it enables more and more folks to dial their own long distance calls. Transistors are among a whole host of tiny, space-saving parts we use to bring better service to you.

Re Construction of a Sanitary Sewer System in EL PRADO AVE., et al, in LEMON GROVE SANITATION DISTRICT, Area No. 64 . . . . .)

RESOLUTION OF INTENTION

On motion of Director Dent, seconded by Director Austin, the following resolution is adopted:

WHEREAS, this Board of Directors heretofore designated the Director of Public Works of the County of San Diego as the Superintendent of Streets and the Engineer to perform any and all duties conferred upon the Superintendent of Streets or the Engineer by the Improvement Act of 1911 in connection with the work and improvement and assessment hereinafter described; and

WHEREAS, the Engineer has furnished to this Board of Directors plans and specifications for the construction of a sanitary sewer system in a portion of the LEMON GROVE Sanitation District, together with careful estimates of the costs and expenses of such construction, which are on file in the office of the Secretary of said Board of Directors; NOW THEREFORE,

IT IS HEREBY RESOLVED that public interest and convenience require and it is the intention of the Board of Directors of the Lemon Grove Sanitation District (hereinafter referred to as the Board of Directors) to order the following work to be done and improvement to be made in said Sanitation District, to wit:

The construction of sewers, manholes and appurtenances in:

EL PRADO AVE: Between the Northwesterly prolongation of the Southwesterly line of Lot 2, El Prado Heights, Map 2744, and the Easterly prolongation of the Northerly line of Lot 40, El Prado Tract, Map 1320.

MAIN STREET: Between the Southeasterly prolongation of the Southwesterly line of Lot 2 and the Southeasterly prolongation of the Northeasterly line of Lot 1, all in El Prado Heights, Map 2744.

EASEMENT: In the Northeasterly 5.00 feet of Lot 2, El Prado Heights, Map No. 2744.

EASEMENT: In the Northerly 15.00 feet of the Southerly 75.00 feet of Lot 38, El Prado Tract, Map No. 1320.

All of the said work hereinbefore generally described shall be constructed in the manner, to the grades, at the locations, within the limits of the materials, and of the dimensions as shown upon and in accordance with the plans, profiles, drawings, typical cross-sections and specifications therefor, contained in Document No. 245904, on file in the office of the Secretary of said Sanitation District, Room 306, City and County Administration Building, 1600 Pacific Highway, San Diego, California, and copies of which are on file in the office of said Engineer of said District, and by this reference thereto all said plans, profiles, drawings, typical cross-sections and specifications are made a part hereof.

The said Board of Directors hereby determines and declares that serial bonds shall be issued to represent each assessment of Fifty Dollars ($50.00) or more remaining unpaid after the full expiration of thirty days from the date of the warrant, to represent the expenses of said work and improvement. Said serial bonds shall extend over a period ending nine years from the second day of January next succeeding the next October 15th following their date, and an even annual proportion of the principal sum thereof shall be payable, by coupon, on the second day of January every year following the next October 15th after their date until the whole is paid. Said bonds shall bear interest at the rate of six per cent per annum, interest payable semiannually, by coupon, on all sums unpaid, until the whole of said principal and interest are paid. Said Bonds shall be issued and the principal and interest thereof shall be paid under and in pursuance of the Improvement Act of 1911 and amendments thereto.

The contemplated work and improvement hereinbefore mentioned is, in the opinion of said Board of Directors, of more than local and ordinary public benefit, and the expenses of such work and improvement are made chargeable upon the district hereinafter described, and said Board of Directors does hereby declare said district to be the district benefited by said work and improvement, and to be assessed to pay the costs and expenses thereof. Said district is described as follows, to wit: All that real property in the County of San Diego included within the exterior boundary lines of said district, as shown upon that certain map bearing number 76-2451, indicating the exterior boundary lines of such district, which map, approved by said Board of Directors, is on file in the office of the Secretary of said Board of Directors as Document No. 245946, excepting therefrom all public streets, roads, alleys, avenues and highways. Reference is hereby made to said map for a particular description of such district.

It is the opinion of said Board of Directors that the public interest will not be served by allowing the property owners to take the contract for the work to be done under these proceedings.

NOTICE IS HEREBY GIVEN that on Tuesday the 30th day of September, 1958, at 11:30 o'clock a.m., in the chamber of said Board of Directors of the Lemon Grove Sanitation District, Room 310, City and County Administration Building, 1600 Pacific Highway, San Diego, California, any and all persons having any objections to the proposed work or improvement, to the grade at which said work is to be done, or to the extent of the district to be assessed to pay the costs and expenses of said proposed work or improvement, may appear before said Board of Directors and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

Such protest, if any, must be in writing, and must contain a description of the property in which each signer thereof is interested, sufficient to identify the same, and shall be delivered to and filed with the Secretary of said Sanitation District, in Room 306 of said City and County Administration Building not later than the hour hereinabove set for hearing. No other protests or objections will be considered.

The Secretary of said Sanitation District is hereby directed to mail notice of the adoption of this Resolution of Intention, postage prepaid, to all persons owning real property proposed to be assessed, whose names and addresses appear on the last equalized County Assessment Roll, or as known to said Secretary, all in the time, form and manner required by law; if property assessed by the State under Section 14 of Article XIII of the Constitution is proposed to be assessed, such notice shall be mailed to every owner of such property at the address thereof shown on the last board roll transmitted to the County Auditor as required by Section 5070, Streets and Highways Code.

The Secretary of said Sanitation District shall, upon completion of the mailing of said notices, file with this Board an affidavit setting forth time and manner of the compliance with the above requirements for mailing such notices.

The Superintendent of Streets shall, after the adoption of this Resolution of Intention, cause to be conspicuously posted along the line of said contemplated work or improvement, at not more than three hundred feet in distance apart, but not less than three in all, notices of the passage of this Resolution of Intention, and when the work to be done is only upon an entire crossing or intersection, or any part thereof, he shall cause such notices to be conspicuously posted upon all open streets within such district at not more than three hundred feet in distance apart on each street so posted; all in the time, form and manner required by law; and thereupon said Superintendent of Streets shall cause to be filed in the office of the Secretary of said Sanitation District an affidavit showing the posting of said notices of improvement.

All of the herein proposed work shall be done in pursuance of an Act of the Legislature of the State of California, designated as the "Improvement Act of 1911," and amendments thereto.

PASSED AND ADOPTED by the Board of Directors of the Lemon Grove Sanitation District, County of San Diego, State of California, this 2nd day of September, 1958, by the following vote:

The Lemon Grove School District finds it necessary to ask the voters to increase the legal tax limit for operation of the schools for the following reasons:

Federal government activities in the San Diego area have created an impact on the schools of the district resulting in a need for additional teachers, facilities and equipment.

Home construction in the Lemon Grove area proceeds at a rapid pace resulting in increasing school enrollments requiring additional facilities and services.

The cost of salaries of all school employees must be adequate to insure the employment of qualified personnel.

The increase in assessed valuation is failing to keep pace with the increased cost of operating the school district.

Each qualified elector of said Lemon Grove School District shall be entitled to vote only in the school district election precinct of which he is a resident.

GUHS Trustee Gets 'Gifted Children' Pat

Dr. Leon Lessinger, who works for the State Commission to Study Education for the Gifted Child, told the Grossmont High school faculty members at their annual pre-school luncheon September 8 that he credited Grossmont high school district board member Mrs. Portia Goode with having contributed a large part in the recognition of need for special handling of gifted children. Mrs. Goode is a member of the commission.

Dr. Lessinger works in Stanislaus County and contrasted the stepped-up program in that rural area with the program in the San Diego area which is under direction of Dr. Phil Deaton.

Dr. Lessinger told the Grossmont teachers that the study will result in two things: a handbook for teachers who work with gifted children and material with which to go to the California State Legislature for support. Grossmont Union High School District is one of the three areas in the state at which experimentation along these lines is being carried out.

MEASLES OR MUMPS?

KIDDY ILLS GET NO LONG VACATION NOW

Get the measles and get it over with, is the new philosophy in the County Health department, it was revealed this week.

Return-to-school permits for pupils who have been ill with measles, German measles or mumps have been discontinued by the San Diego Department of Public Health.

Dr. J. B. Askew, director of Public Health, said this week persons with any questions about the proper date for children to return to school will now be referred to the family physician in attendance.

Measles, German measles and mumps are of minor public health significance in children, Dr. Askew said. He added that medical authorities feel, on the whole, that it is better for a person to contact these diseases in childhood, when they are mild, than in adulthood, when complications are frequent and severe.

Eliminating return-to-school permits for the three diseases, Dr. Askew went on, can mean a large saving in the amount of paper work involved in communicable disease control. In the past, he said, as many as 1,300 return-to-school permits and instruction sheets have been mailed to households in a single week.

Dr. Askew said the change in policy, which was approved by the Board of Health, will mean a saving in time and funds that can be applied to more important public health activities.

Real Estate Sales Off

There were 221 real estate sales in the Lemon, Grove, Spring Valley, and La Mesa area during August, according to statistics in Trends, a monthly publication of Union Ttile Insurance Company. The figure represents a sales decrease from 300 recorded during the same month a year ago and from 274 scored for the preceed ing month (July).

Trends' editor, real estate economist James C. Downs, Jr., who addressed San Diego realtors at an annual business planning seminar last month, says the emphasis in local real estate in 1958 has been on "production" rather than "consumption." Healthy production statistics which reach unprecedented levels here last month, says Downs, are not paralleled by August real estate sales which were down 12.3 per cent in August.

Spare The Dust Mop And Kill A Bedbug

Dusty Doom Seen For Household Vermin In UC Revolutionary Tests

LOS ANGELES (Spcl.)—Finger marks deep in the dust of the mantel or on furniture may be the hallmark of social acceptability . . . entomologically speaking only, however.

Housewives, forever shoving a dust mop into the unwilling hands of their spouses are finding themselves on the side of fleas, mosquitoes, bed bugs, termites and cockroaches because some fairly common types of dust, all non-poisonous and inexpensive, have been proven effective in killing household pests in revolutionary tests being conducted by University of California scientists.

They've found that a wide range of pests, including termites and cockroaches can be dealt with effectively by a new method of attack—dust desiccation.

No chemicals, no poisons whatever are involved.

Entomologists on the UCLA campus have demonstrated that fine dusts with certain characteristics absorb the wax coating insects need to protect vital body moisture.

Deprived of this thin coating, the insects literally dry to death. Often they die faster than from treatment by the most potent poisons.

Termites, cockroaches, house flies, mosquitoes, vinegar flies, ants, fleas, bed bugs, mites, ticks and bees (in walls or attics) all succumb to appropriate dust treatments.

Outstandingly lethal are fuller's earth clays, diatomaceous earths, silica gels, aerogels and precipitates. Silica products are the most powerful killers.

For home owners, pest control men and hotel operators these new treatments hold promise of cheaper, longer-lasting ways to rid premises of insects, UCLA believes.

Discovery that removal or disruption of insects' protective wax layer is possible by dust absorption "has greatly broadened the scope of insect control by making possible the use of inert, non-poisonous insecticides," UCLA scientists declare.

Extensive tests of the dusts on pests in houses of cooperating Los Angeles residents were conducted.

Termites and cockroaches died a few hours after crawling over dusted surfaces. A few ounces of silica dust applied under stoves, refrigerators and sinks obtained 100 per cent kill of cockroaches in most cases.

Dusts also proved highly effective against fleas on pets too.

Cockroach control is probably the most important application of the dust method of killing because they are becoming resistant to many of our modern insecticides and are second only to the house fly as a general carrier of disease.
